“ I am truly saddened to hear of Dave's passing. We grew up together during our school years. He was always a good guy with a good heart. We didn't see much of each other after graduation because our lives paths went in different directions. Looking back I wonder about how we both came to Rebuild Chevy Novas simultaneously and in the color of blue not realizing it until some years later. Some kinda connection from our days in Headlee Heights and Mapletown I guess. See ya on the other side brother!
