“ I thought of Mrs. English many times since she was my 1st grade teacher at Evamere, and since my family moved from Hudson to North Carolina in 1996, i often thought about reaching out to her to let her know how much of an impact she had on my life, but unfortunately never got the chance. She was, by far, the most caring and supportive teacher I've ever had. She was tough but fair and encouraging. I struggled to catch on to reading and she never, ever gave up on me. I firmly believe her support and the education she gave me is what lead me to choose to write for a living. I am so thankful that her family shared her with her students - she has made an impact on thousands of lives and left a legacy beyond what anyone could imagine. I still have all the Smiley Grams she wrote me, and I treasure them to this day. I will forever be grateful for the impact she had on me and can only hope that my future children are lucky enough to have a teacher like her in their lives.

“ To Mariann's Family:
Mrs English was one of my favorite teachers at Hudson Elementary. She was the first teacher in the school system that saw me for me and not my countless siblings. She was very caring. She even set up time to come to my house to see what my home life was like. Something she did with all her students. She will be missed by all. My prayers for you and your family at this time.

“ To the family of Mariann, please accept my sincere condolences on the passing of your wife, mother, sister, grandmother, great-grandmother, aunt To me and my family she was Mrs. English, the wonderful first grade teacher of my daughter Sarah in 1991. Certainly one of the most compassionate, caring, creative, effective and loving teachers that my daughter ever had. Mrs. English inspired hundreds of children to enjoy reading, to explore and to inquire. I vividly remember the end of the school year and the adventure around Western Reserve Academy with the red buckeye trees in pink bloom. At the end of the day all of the students were eager to shower her with gifts and in her usual warm fashion she rewarded them with her vibrant smile and warm embrace.

Perhaps one of her most striking demonstrations of her sincere love for her students occurred 11 years later in 2003. Mrs. English sent my daughter a very beautiful and personal note just after she graduated from Hudson High School! Imagine that! How many teachers track their students for 11 years.

Thank you dear family for sharing Mrs. English with us. She made an incredible impact on my daughter and inspired her to love words and reading. This year Sarah will graduate with her PhD in Literature/Social Linguistics and will herself pursue a teaching career. Thank you Mrs. English for your inspiration, for being part of her "village" of influential women and for being a gifted and passionate teacher.

Hugs to All
