“ Miss Tina was a great person to the core. My kids attended storytime for many years, and Miss Tina was always there, reading stories, helping out, and even making green eggs and ham several times. She always smiled and welcomed all of her little love bugs to the library. We were always glad to see her and are very saddened by her passing. People like Tina make a community like the storytime community at the library, a wonderful experience for children and their families. We will miss her and I wish we could've told her how much we appreciated her.
