“ I will always remember having Twila tell other customers in line at Foodland, that I was the little girl from Dixie's class, that fell off the swing. It still makes me smile to think of it.

“ Twila was a friend to my family and my neighbor for many years. I have fond memories of tracking the famed white deer together behind our houses years ago. She took great pride in her plants along her driveway and could spend hours picking through her "chick n' hens" till there was not a weed in sight. Not an easy task! Her birds that she fed daily have been perched nearby waiting for their feed. They have quietly moved on. She was a determined woman and had much spunk until the very end. Our neighborhood won't be the same without you. Twila! We miss you. Rest in Peace. The Stewart Family

“ *My fondest memories of my great aunt twila. We had such fun going to sight and sound plays and many dinners. While my son was sick with cancer she helped pay for treatments and made sure he had a stocked freezer of his favorite Italian ice and popcycles. Her calls to check on me and my family will be missed. With love Saresa.*
